Transcriber's Office

ex officio members. If we pass this motion, I have spoken with the Governor and he will return the bill. He does like the bill. He'd like to be cooperative and I appreciate the work really that his staff did. If they examine every bill in this respect, I think it's a service to us and to the state. After the bill, if it is returned, I will offer this technical amendment and ask the body to return the bill to Select File for that purpose, and if we do that, then we can straighten it out. Now in doing a little research, the Clerk's Office was helpful. There is some precedent for this. This was done, in fact, as recently as 1982. It was actually...it was actually done in '82 and in '89, and it was attempted in '93, unsuccessfully in '93. It appears that it was successful in '89 and '82 and so it's not something that we do frequently or that we should do frequently or take lightly, but that's the explanation. I will be glad to try to respond to any questions. I would certainly appreciate your support in doing this.
